

### **Setting Up an Online Account**

Follow the directions below to register online:

1. Go to [www.shopwithscrip.com](http://www.shopwithscrip.com).
2. Click on "Create an Account" under Family Sign-Up.
3. Enter information for family registration (put **family last name for student** and **PALS for teacher name**).
4. Review and accept the agreements.
5. Enter the enrollment code for PALS: **FL977AB529964**.  
This must be entered or the orders will not be sent to the SCRIP coordinator.

You can pay for your SCRIP order in several ways. You may register for Presto Pay when setting up an online account. Your order payment will be automatically withdrawn from your checking account. You may also choose to pay by check after completing your order online. Simply drop your check into the PALS lock box located in the school office. Please make checks payable to PALS – SCRIP. Finally, you can pay with cash. Please place cash payments in a clearly labeled envelope in the PALS lock box in the office.

Once your account is established, you are enrolled in the online ordering program. When placing each order, please write your confirmation number to put on the check you place in the lock box at school. If you choose to pay online, click on the Presto Pay section of the home page. When orders are placed online they will be sent to the SCRIP coordinator. *Orders will not be completed or processed until the SCRIP coordinator has received payment.*

SCRIP coordinators can help you set-up your online account, or you may sign up on your own account. Please contact Rhonda Thompson at 268-0132 for more information.
